

**FOUR CORNERS BROADCASTING**  
**THE POWER OF OUR REACH IS YOURS**

**Our commitment to the success of ourselves, our clients and our community is total, continuous and unvarying. The people who are Four Corners Broadcasting are not followers but are trend setters and leaders.**

Four Corners Broadcasting LLC (FCB) is the end result of a merger that was consummated in early 1996. It brought together two of the strongest broadcast entities in the area. Fordstone Inc. (KIUP and KRSJ) and Four Corners Communications Ltd. (KIQX). Representing the three best radio stations in the region, this merger was a natural progression of these companies.

The management of FCB knows that in order to achieve our own success we must first dedicate ourselves to the success of the entire business community. Every business in the Four Corners area that is highly successful adds immeasurably to the whole. Knowing this, it follows that over the long term the only way for FCB to receive the financial support of the community is to first give. Give of our knowledge, efforts and enthusiasm to the growth and increasing prosperity of the entire business community. Our management not only encourages this commitment by its employees but, in actual practice, requires it. However, not by forcing employees to participate in activities in which they have no interest but rather by helping channel each individual's natural interests into realistic directions.

**SALES PHILOSOPHY**

The radio stations that are Four Corners Broadcasting have been part of many success stories over the past 65 years. Dedication to client success is of paramount importance. In a typical sales meeting at FCB a significant amount of time is spent on questions like:

How can we maximize the use of our client's budget?

Is the client spending excessively on advertising relative to what the business can afford?

Is the client getting the expected results? The burden of responsibility for the success of FCB clients is placed directly on the sales staff. It is our duty to advise our clients, as best we can, on all aspects of their marketing and sales efforts.

**We believe that the character of a radio station's audience is determined by it's music and on air presentation.**

**The size of its audience is determined by the station's personality.**
