

2024 Search for the Coors Light Silver Bullet
Presented by A&L Coors and Four Corners Broadcasting

The Coors Light Silver Bullet was found approximately 7pm on Friday, Feb 2nd. Congratulations to the winner Matt Steffens and the crew at 81031 Coffee!

The Bullet was hidden in Oxbow Park, just northeast of the crazy tree that splits into three trees and then combines back into one at the top. In a small grove under a rusty old car.

The premise of the search this was processes of elimination. Mondays clues told you it was in a park. Tuesday through Thursday eliminated parks that it could be in and the Friday's clues were a map to the bullet that only applied to Oxbow Park.
